

PROTECTION CONCEPT COVID-19 TC OBERÄGERI

Version 2.0 - Valid from 6 June 2020

In case of translation errors the German Version of the Protection Concept applies.

1. Measures clubs

1.1. Covid-19-Representative

Each club must appoint a COVID-19 representative, who is available to advise the members and guests.

Measures

The COVID-19 representative for the TC Oberägeri is:

Iwan Rogenmoser
Riedmattli 5
6315 Oberägeri
rogenmoser@mail.com
079 401 55 81

The club enters the COVID-19 representative in the Swiss Tennis member administration.

1.2. Hygiene regulations and cleaning

Compliance with the hygiene regulations of the BAG and cleaning of the facilities.

Measures

Appropriate, regular cleaning of surfaces and objects after use, especially if they are touched by several people, is ensured by the following measures:

- People in the club regularly wash/disinfect their hands.
- The club house must be kept clean, surfaces must be appropriately cleaned/disinfected by the people after each use (e.g. kitchen, chairs, tables).
- Toilets, locker rooms, door handles are regularly cleaned/disinfected by the club.
- Water and soap as well as disinfectants are available on the system for cleaning the hands.

1.3. Social distancing

Social Distancing (2m minimum distance between people: no physical contact).

Measures
Maximum group size of 30 people on the facilities according to current official requirements.
Compliance with a minimum distance of 2 meters, provided contact tracing is not possible.
Player benches or chairs were placed at a minimum distance of 2 meters.
An online system for court reservation is available.
Until further notice, the use of the courts is only permitted for club members or guests of club members (no tourists).

1.4. Maximum group size & use of the facility

Maximum group size of thirty people according to current official requirements and the associated use of the system.

Measures
Groups and gatherings of more than 30 people are prohibited.
Close contacts must be traceable (using contact tracing) - refer to 1.5.

1.5. Logging & tracking (contact tracing)

Logging of tennis players for follow-up (contact tracing) of possible infection chains.

Measures
At the request of the health authority, close contacts between people must be disclosed for 14 days. Contact persons of the infected person can be quarantined by the cantonal health authorities. Close contact is considered to be a longer (> 15 minutes) or repeated falling below a distance of 2 meters without protective measures (e.g. mouth protection).
The following measures ensure the tracking of any infection chains (contact tracing):
- Court reservation/logging of players through the online reservation system.
- Interclub teams and registered play groups (women, senior women and Rogers) report participants of the training within 24 hours by e-mail to COVID-19 representatives.
- Junior trainers log participants in the training courses and make the data available on demand from the COVID-19 representative without delay.

1.6. Particularly vulnerable people and people with symptoms of illness

Particularly vulnerable people and people with symptoms of illness must observe the specific requirements of the BAG.

Measures
For your own safety, we recommend that particularly vulnerable people refrain from using the tennis facility. The specific requirements of the BAG are mandatory.
People with symptoms of illness are not allowed to take part in games or training. They go into isolation, call their family doctor and follow their instructions. Any play partners or training groups are to be informed immediately about the symptoms of the disease.

1.7. Duty to provide information

Informing tennis players and other affected people about the requirements and measures.

Measures
The protective measures of TC Oberägeri were communicated to the following target groups on 2 June 2020:
The BAG poster was hung in the TC Oberägeri, and the Swiss Tennis poster "How we protect ourselves on the tennis court" was also hung.
The protection concept COVID-19 was hung up in the TC Oberägeri and sent to all members by e-mail and published on the homepage.

2. Measures tennis players

2.1 Compliance with protective measures

Acceptance and compliance with all protective measures prescribed by the club by the tennis players.

Measures
With the booked and confirmed court reservation, the player accepts the defined protective measures.
The parents are responsible for ensuring that children and adolescents also fully comply with the requirements. This is ensured with the following measures:
- Communication via junior department (tennis school)

2.2 Hygiene regulations and cleaning

Compliance with the hygiene regulations of the BAG and cleaning of the facilities.

Measures
Hands must be washed/disinfected before and after playing tennis. This is ensured with the following measures:
- Water and soap are available on the courts
- Water, soap and disinfectants are available in the clubhouse
- The traditional "shake hand" is dispensed with.

2.3 Court reservation

Court reservation with details of personal data for tracking possible infection chains.

Measures
Courts must be booked with the personal contact details. This is ensured with the following measures:
- Court reservation and logging of players through the online reservation system.
- Interclub teams and registered play groups (women, senior women and Rogers) report participants of the training within 24 hours by e-mail to COVID-19 representatives.
- Junior trainers log participants in the training courses and make the data available on demand from the COVID-19 representative without delay.

2.4 Social distancing

Compliance with the social distancing rules on the tennis court and on the entire facility.

Measures
The tennis players must adhere to the social distancing rules.

3. Measures tennis lessons

3.1. Responsibility

Acceptance and compliance with all protective measures prescribed by the club by the tennis players.

Measures
The tennis instructors assume responsibility for compliance with the protective measures defined by the club in tennis lessons and among tennis students.

3.2. Social distancing and maximum group size

Social distancing and maximum group size in tennis lessons.

Measures
Compliance with a minimum distance of 2 meters, provided contact tracing is not possible.
Groups and gatherings of more than 30 people are prohibited.

3.3. Compliance with the hygiene regulations

Acceptance and compliance with all protective measures prescribed by the club by the tennis players.

Measures
The tennis instructors observe the hygiene measures and provide sufficient hygiene products.
The handles of the ball baskets and the rest of the teaching material are regularly disinfected.

3.4. Registered trainings

Acceptance and compliance with all protective measures prescribed by the club by the tennis players.

Measures
The training courses must be registered in the reservation system. The participants are logged.

3.5. Customer information

Acceptance and compliance with all protective measures prescribed by the club by the tennis players.

Measures
The courts remain closed for guests/tourists until further notice - exception: as a guest of a member.

Enclosures

Enclosures
- Notice no guest use

Closing

Thank you for your support.

Best regards and lots of fun on the courts

Board TCO the President
Iwan Rogenmoser
